Vetoes the proposal

~~486~~

Starting a First Grade Engineering College in Bangalore City under the auspices of the Bangalore City Municipality

---

PUD) Letter No A1CR3/48 dated the 2nd August 1948 from the Municipal Commissioner Bangalore City Municipality on the above subject

—

The M.C. Commissioner states that the Bangalore City M.C. have passed a resolution on the 29th July 1948 to allot a sum of Rs 5 lakhs for starting a First Grade Engineering College under the auspices of the Bangalore City M.C. the expenditure being met from the Closing Balance of Municipal Funds. It is further resolved by the M.C. that the above College be called "Rajaji Municipal Engineering College" Bangalore, to be named after the first Indian Dominion Governor-General. It is also proposed to have the foundation stone of this College laid by him during his entering visit to the City during August 1948. The necessity for opening the College has been explained in the proceedings of the M.C. meeting dated 29.7.48. The M.C. Commissioner requests

Starting a First Grade Engineering College in Bangalore city under the auspices of the Bangalore City Mlty.

---

early sanction of Govt to the proposal The proposal is permissible under Section 61 (2) of the Mysore City Municipalities Act 1933, as amended from time to time The section runs as follows -

"(2) Any other matter not hereinbefore specifically named which is likely to promote education, or the public health, safety or convenience or the advancement of the economic welfare of the inhabitants, or which is necessary for the carrying out of this Act, expenditure whereon is resolved by the Mc Cl by the votes of not less than one-half of the whole number of Councillors and with the approval of Govt to be an appropriate charge on the Mc Fund.

2) The budget estimates of the Bangalore City Mlty for the year 1948-49 have not yet been received According to the budget estimates for the year 1947-48, the position is as follows -

Opening balance	Rs 17 93 961
Receipts	36 58 424
Total	Rs 54, 52, 385-
Expenditure	52, 16, 971
Closing balance	Rs 2, 35, 414

r 8-48 3) A proposal to start two Municipal

Opinion of the Council (12 8 '48)

4 5

1) Government have considered the request made by the Bangalore Municipal Council on (2-8-1948) that the sanction of Government may be given to the expenditure of Rs.5 lakhs from the Reserve Fund of the Municipality towards the capital required for building and equipment of an Engineering College in the City and for a further recurring amount required for the maintenance of such a College. The proposal of the Municipal Council is unique. There is no instance in the State of a Municipality desiring to spend such a large amount from out of its funds on the establishment of a College and there are hardly any instances anywhere else in India of such expenditure being sanctioned out of Municipal funds. The proposal therefore requires very careful consideration. Government have also to consider how far the proposal, if accepted, will form a precedent for other Municipalities to approach the Government with similar requests, placing them in an embarrassing position. Government have also not had the opportunity of officially examining the Budget of the Municipality for 1948-49 which has yet to be sent to Government for scrutiny and approval.

WG — (Contd.

2) Government have been considering for some time a proposal to open another Engineering College at their own expense and in that connection are also examining the location of that College. These matters have to be further referred to the University authorities for their opinion. The need for more Engineering Colleges, the proper location of such colleges when decided upon the need for examining whether Municipal funds can legitimately be spent for such a purpose and if so, whether the Bangalore City Municipal Council is in a position consistent with its normal functions, duties and responsibilities, to spend the amount required on such a College, now and in future, have all to be examined. Careful examination of these questions must take some time. Government are therefore not in a position to give their decision in time for the foundation stone of the College being laid by His Excellency the Governor-General during his forthcoming visit.

3) As instructed by the Chief Minister & the Dewan, I had interviewed on the telephone, Mr N Raghavendra Rao, that it has not been possible for the Govt to arrive at a decision, pending further examination of the proposal

SIR,

Subject - Starting a first grade Engineering College under the auspices of the Bangalore City Municipality

---

I have the honour to forward herewith a copy of the proceedings of the meeting of the Municipal Council held on 29-7-1948 resolving that a sum of Rs 5,00,000/- be allotted for starting a First Grade Engineering College under the auspices of this Municipality, the expenditure being met from the Closing Balance of Municipal funds It is further resolved by the Council that the above College be called as "Rajaji Municipal Engineering College", Bangalore being named after the illustrious son of Mother India His Excellency Sriman C Rajagopalachary, the First Indian Dominion Governor-General, and that it is proposed to have the foundation stone of this College laid by him during his ensuing visit to the City The necessity for opening the said college has been fully considered by the Council as disclosed in the proceedings

2 I request that sanction of Government may kindly be obtained early to the resolution of the Municipal Council in the matter

I have the honour to be,
Sir,
Your most obedient servant,

A S Khaleel
Municipal Commissioner

Forwarded with compliments ,

K Ramaiya
Honorary President

PROCEEDINGS OF THE ORDINARY GENERAL MEETING OF THE CITY MUNICIPAL COUNCIL HELD ON 29th JULY 1948 at 3 P M IN THE COUNCIL HALL OF THE CITY MUNICIPAL OFFICES BANGALORE

The President brought to the notice of the House a Press Note regarding the visit of His Excellency Sri C RAJAGOPALACHARI Governor General of India to Bangalore and Mysore during the month of August and requested the house to consider the question of giving a reception at the time of his ensuing visit to this City

Then Sri R Subbanna moved -

"It is resolved that a first grade Engineering College be started under the auspecious of the Bangalore City Municipality and the same be named after the reverred son of Mother India Sriman C Rajagopalachary and be named "Rajaji Municipal Engineerin College", Bangalore and suitable arrangements be made for getting the foundation stone of this college laid by the first Indian Governor General of India on his ensuing visit to the City."

Sri H S Seetharam seconded the proposition

Sri R Subbanna insupporting the resolution said that it was the duty of the Municipality to give technical education and there was great dearth for seats in the Engineering College and students were compelled to go outside for their study It was most unfortunate that students of the City were made to suffer for want of proper education Mysore was noted for its eminent Engineers like Sir M Visveswaraiya and as such it was their duty to keep up the same reputation His Excellency Sri — C Rajagopalachary was arriving during next month and they should avail of the opportunity and try to get the foundation stone laid by the First Indian Dominion Governor General who had great interes towards Mysore, and who was educated in the City

Sri P R Ramiya supporting the resolution said that he would heartily second this proposition The City had grown enormously and many factories and large industrial concerns had sprung up It was very necessary to start technical colleges in the City and all facilities were available There was no doubt that the institution would flourish well with the blessings of the First Indian Governor General Sriman C Rajagopalachary

Sri R Anantharaman speaking said that the need for starting technical institutions was increasing and wanted that a Medical College also should be started in the City and thus give relief to the students who were suffering without such facilities

Janab A.J Khaleel speaking said that he was second to none in supporting the resolution and associate himself with the joy on the occasion of the laying of the foundation stone by the great son of the soil and the first Indian Governor-General Government had not given adequate attention for starting technical colleges and there were a number of Arts Colleges But the only point for consideration was whether the Municipality was in a position to undertake this important matter when there were various other duties such as providing civil amenities etc , to the people of the City and th Municipality was not in a position to carry out its own legitimate duties properly on account of the prevailing conditions The Municipality had very recently started two Municipal High Schools The Government themselves were not in a position to start such an institution in spite of all resources at their disposal He requested the members to kindly consider the question carefully in all its aspects before taking up the responsibility, and appoint a sub-Committee in the first instance to consider the details and other implications connected therewith and it was not proper to proceed with the matter without considering the several implications in this connection

Sri G Nanjappa speaking said that the question had been carefully considered and then only it had been brought up before the House Children were wandering in the streets for want of seats in the existing colleges and much difficulty existed in securing seats in the colleges It was very necessary to start an Engineering College and requested to support the resolution before the House

Sri H S Seetharam said that Janab A J Khaleel had brought before the House the blackshade of the question and thanked him for the same He assured the member that all the

all the points raised by him would be carefull considered by the Sub Committee to be appointed for that purpose The question -before them was only selecting a suitable place and laying the foundation stone by His Excellency the Governor General during his visit to the City He said that as regards financial implicathons, the Municipality had a closing balance of nearly 17 lakhs and with the retrocession of the Civil Station the income of the Municipality would raise to the extent of nearly a crore of rupees and as such there was no need for any such apprehension in this regard He requested that the subject might be passed unanimously

Sri G S Deva Doss supporting the proposition thanked the member for having brought the resolution and said that this new college if opened would greatly help the students of the City, and if necessary request for public support in this regard

Sri D R Puttanna speaking said that the objections raised by Janab A J Khaleel were more of cautions that objections He said that the Government owed to the Municipality a sum of nearly 7 lakhs and suggested that prompt action might be taken to collect the amount and utilise the same for the proposed college He wanted the new college to be run on the model of Forguson College and thus help the children of the country to acquire knowledge and encourage technical skill

Sri N Keshava Iyengar said that the Municipality was at liberty to undertake such responsibilities and said that it was a sort of miniature Government which had both administrative and legislative powers There was great need for technical colleges in the State and hence it was very necessary to undertake the responsibility and if possible a Medical college also should be started under the auspices of the Municipality The Committee constituted for the purpose would soon begin its work and place concrete proposals would soon begin its work and place concrete proposals before the Council. Similar attempts were made in the Madras and recently the Prime Minister had laid the foundation stone at Karaikudi for Research Laboratory and Sri Alagappa Chettiar had started an

5

started an Engineering College and had liberally donated for the purpose He requested that the subject might be passed unanimously

Then the proposition was put to vote and passed without opposition

Sri C Rajagopalachar moved -

"It is also resolved that a sum of Rs 5,00,000/- be allotted for starting the said college and the same be met from the closing balance "

Sri H S Seetharam seconded the same

Resolution - Passed without opposition

Sri N. Keshava Iyengar moved -

"It is resolved that the following members be constituted into the Municipal Engineering College Sub Committee"

1 The Hon'ble President
2 Sri P R Ramiah
3 Sri S K Venkataranga Iyengar
4 Mr Devadoss
5 Sri D R Puttanna
6 Sri R Subbanna
7 Sri Sitapathi Naidu
8 Sri C Ramasetty
9 Sri H S Seetharam

This Committee shall have powers to co-opt and Sri S K Venkataranga Iyengar shall be the convenor

The proposition was put to vote and passed

[illegible]

SHORT NOTES ON THE PROPOSED ESTABLISHMENT OF A MUNICIPAL ENGINEERING COLLEGE

Under S.61 Clause (h) of the City Municipality's Act with the approval of Government to be an appropriate charge the Council may by the votes of not less than half of the whole number of Councillors at their discretion provide out of Municipal Funds for a matter likely to promote education

The Government have to welcome and consider all attempts to start institutions catering for technical education In the past they have worked for and prevailed on the Municipalities to start Municipal High Schools Recently this year 2 Municipal High Schools were started in Bangalore City.

It is a good augury that unanimously the premier City Municipal Council of the State has resolved to have the foundation stone of a proposed Engineering College laid out in the hands of the first Indian Governor-General

The Municipality has enough funds and has resolved to provide 5 lakhs out of its closing balance for the above purpose At the first Sub-Committee meeting held yesterday the principals of the two Engineering Colleges were good enough to be present on invitation and as the result of discussions with them the following figures are compiled for opening a civil Engineering College for the present consisting of 2 sections each section of 75 students aggregating 150 students

I. On initial outlay a part from the investment on buildings

	Rs	As	Ps.
On surveying instruments, chains plain table compass and Levelling instruments	50000	0	0
Drawing tables	5000	0	0
Reversible desks and chairs	5000	0	0
Drawing Boards	2000	0	0
Library equipment	10000	0	0
Workshop equipment carpentry and fitters	2000	0	0
Total	54000	0	0
or Rs	55000	0	0

II. Recurring charges for this year on salaries	Annually Rs.	As.	Ps
1 Asst. Professor on Rs 300	3600	0	0
3 Lecturers on Rs 175 each	6300	0	0
4 Instructors on Rs.100 each	4800	0	0
1 Foreman on Rs 200	2400	0	0
Office establishment -			
1 Accountant on Rs.100	1200	0	0
1 Head clerk on Rs 75/-	900	0	0
Librarian, Store-keeper, Tool-keeper, Typist on Rs 60/- each	2880	0	0
Survey store-keeper on Rs.60	720	0	0
Menial establishment 8 peons on Rs 300	2400	0	0
Total	25200	0	0
Deduct fees realization and University grant			

It will thus be seen that we can straightaway make a start a college this very year by taking a building on rent with Rs 55,000 outlay and Rs.10,000 as an annual cost We can make a request to Princess Rajkumari to lease her expansive building "Beanlien" for this year.

The Sub-Committee has proposed 3 properties for the location of the college

i Patan Bhavan with its acreage of 10 acres at a cost of 4 lakhs

or

ii The ground near the Catholic Seminary in Malleswaram

or

iii The ground between Malleswaram High School and Jewel filters

The latter 2 grounds are eminently suitable not only because it caters to the needs of the City and North (as to the South West is already Sri B M Srinivasiah College but also because of its nearness to the Indian Institute of Science and the big Industrial concerns who may be able to help themselves and help us

OFFICE OF THE CHIEF MINISTER
No P434
Date 4/8/48

Sir,

This is in continuation to my talk to you on the phone this morning regarding the Municipal Council resolution to open the Rajaji Municipal Engineering College in Bangalore

The Municipal Council at its meeting on 29-7-1948 resolved that an Engineering College above named should be opened under the auspicies of the Municipal Council and that a sum of Rs 5 lakhs should be provided for the expenses of the same out of the closing balance It has also been resolved that the foundation stone should be laid by Sri C Rajagopalachari, Governor General of India during his visit to Bangalore

I request you therefore that you may be pleased to provide for this item of programme to be performed by the Governor General at any time either on the 20th or the 21st instant

Thanking you,

Yours faithfully,

K Ramanjaiyengar

SIR,

SUBJECT Proposal to start an Engineering College by the Bangalore City Municipality.

With reference to the correspondence ending with your D O. letter No P.C.2/48 dated the 2nd August 1948 addressed to the Chief Secretary to Government on the above subject, I am directed to state that the matter requires a full and careful examination before a decision can be arrived at. Government therefore regret that they are not in a position to come to a decision just at present, to enable the foundation stone of the proposed College being laid by His Excellency the Governor-General during his forthcoming visit.

I have the honor to be,
Sir,
Your most obedient servant,

O/C

For Secretary to Government,
Revenue Department.

FROM

Janab A S KHALEEL, B A , B L ,
~~SAFIXDARASHAH, Esq,~~
MUNICIPAL COMMISSIONER,
BANGALORE CITY

To

Janab SYFD ABDUL ALEEM, B A ,
Secretary to the Government of Mysore,
Revenue Department,
BANGALORE

SIR, SECRETARIAT No Date 8/10 GOVERNMENT OF MYSORE

Subject - PROPOSAL TO START AN ENGINEERING COLLEGE BY THE BANGALORE CITY MUNICIPALITY

Adverting to your letter No L 1664 dated 16-8-48 regarding the above subject, I have the honour to forward herewith a copy of resolution of the Municipal Council dated 20-9-48 to the effect that Government be requested to expedite the consideration of the subject

A copy of letter received from Sri B S Narayana Rao on the subject which was placed before the Council is also enclosed herewith for reference

I request that needful orders of Government may be kindly obtained in the matter

Yours faithfully,

MUNICIPAL COMMISSIONER

Forwarded with compliments

rs/ HONORARY PRESIDENT

PROCEEDINGS OF THE MEETING OF THE COUNCIL DATED 20-9-1948

5 Letter No L 1664 dated 16-8-48 from the Revenue Secretary to the Government regretting that the Government are not in a position to come to a decision just at present on the proposal to start an Engineering College by the Municipality

Sri S K Venkataranga Iyengar observed that while recording the letter of Government, it was very necessary to request the Government to expedite the matter as there was great need for starting technical institutions in the State

Sri B S Narayana Rao the famous industrialist had given a valuable note stressing the need for starting an Aeronautical Engineering College and requested to President to place the note before the Committee In view of this also it was very necessary that this Council should request the Government for the early consideration of the resolution of the Municipal Council

Resolution - Recorded with the observation that Government be requested to expedite the consideration of the subject

Sd K SHAMARAJA IYENGAR
Honorary President

The Municipal Commissioner,
Bangalore City,
(Through the President)

SUBJECT Proposal to start an Engineering College by the Bangalore City Municipality

Sir,

In continuation of this office letter No L 1664 dated the 16th August 1948 on the above subject, I am directed to state that, considering the question from all points of view including the financial position of the Municipality, Government are not in favour of the proposal

I am to add further ~~it has been decided~~ that, having regard to the fact that an Engineering College has been decided upon by Government to be started at Davangere, there is no need for the Bangalore City Municipality to start a similar institution here

one of in the districts other than Bangalore
31/1

Yours faithfully,

27/1/49

Secretary to Government,
General Department
